1st Huckerby & Dowell's CH Struck On You For Bellchime

Gave this brindle and white boy his third CC in his youth. Now in his later year's he maintains all of his quality. His head is still clean and not showing any coarseness.

Presents a clean sharp outline, moves with plenty of drive and puts on a great performance. A credit to his owners. Proud that I was able to play a part in this boy's success.

Found this brindle and white boy quite an exciting prospect for the future.

Still at the leggy stage but with so much scope to develop into a top class male. Loved his head and expression, good mouth and correct eye. Clean arched neck flowing into good topline. Good angulation both ends with lovely round bone and substance. When he fills his frame he will trouble the best.

2nd Seeney Maranseen Endeavour

Dark brindle and white boy full of quality and showing great promise. Lovely head dark well shaped eyes. Clean skull, good stop with correct chin with alert expression. Set up presents a very smart outline, went well on the move for a baby sure these first two will change places on other days. First just scored on the rear end today.

1st Brough & Murray Limubox Fool O'scotch

This boy as always made an impression on me from the ringside and didn't disappoint. G/B/W and full of quality. Lovely clean head, well balanced with broad muzzle wide under jaw, dark well shaped eye and melting expression. His body is strong with ample neck well defined withers, short strong back and well-angulated backend. Posed he presents a super outline and moves out well for a youngster. He is a credit to his owner on his fitness and condition.

On Referees decision he was awarded Best Puppy in Show over a very smart Bitch puppy.

2nd Wilsons Limubox Ain't No Fool At Eastbox

Brindle and white boy who was very similar to first not surprised to find out later they were litter brothers. Once again lovely make and shape in construction. His head is not quite as forward as his brothers but with time should finish ok. Moved well this must have been a very nice litter.
