

MANCUNIAN BOXER CLUB OPEN SHOW

JULY 24th 2016

Judge CLARE LOCK

Thank you to the committee for giving me the opportunity to judge at my first Breed show, after twenty years of showing and breeding, I had been looking forward to this day for a long time. I thoroughly enjoyed myself and cannot wait for my next breed show appointment.

I was pleased to find that a number of very good exhibits had entered under me. Many of which could change places on other days. Really pleased with my winning line up that was bursting with quality.

MPD 5 (3a)

1) Kay's Seacrest Dodging Bullets, A dog who I have had my eye on since he was a couple of months old. He did not disappoint in the flesh. A correctly proportioned head, dark kind alert eye, good rise of skull, wide bite. Good length of neck going smoothly into correct shoulders, short back with gentle slope, well developed chest, with strong straight pasterns. Correct rear angulation, good turn of stifle, firm stance from rear, with strong hocks, a good shelf below a correct tail set. Movement was great once he relaxed into it, covered the ground well. Feet slightly flat by end of day, but none the less, Overall he painted a beautiful outline, very pleased to award him BPD and BPIS.

2) Parker & Martin's Olleyville Otherston Lad, A six and a half month old dark brindle boy. Nicely proportioned chiselled head, good ear set, Good length of neck, not quite as clean as 1 from neck to withers, correct front, good strong pasterns on lovely tight feet. Good spring of rib, elbows well tucked in. Moved with drive, Still quite immature compared to 1 and needs to grow into his back legs, which are well angulated. A smart boy who Shows lots of promise.

Well placed shoulders, correct top line, nicely angled front but preferred the rear angulation of 1. Such a shame he spoilt himself stood, as he was a little unsure of me and tucked his tail under, Fine once he moved out and back, did settle a bit more and moved ok in the end.

ND 2 (1a)

1) Hobson's Allerz Russian Gold For Nickerbox, Stood alone, a compact dog, really good chest, elbows well tucked in, lovely feet, could do with a bit more foreleg, well muscled, short straight back, excellent tail set, rear angulation ok, head a tad fleshier than I would like, good rise of skull, nice eyes. Elegant clean neck into good shoulders. Short back, ribs still need to fill out a bit. Good quarters which will continue to improve with age. Moved well and seemed to be really enjoying herself. A lovely crisp outline for one so young, she should have a bright future. BPB

2) Beardsell's & Van-Becks Newlaithe Gingernut, A pretty red bitch, clean headed, lovely big nose with large nostrils. good width of muzzle, prominent stop. Good angulation at the front, slightly down on pasterns today, which made her seem a bit shorter in foreleg than she is. This didn't detract to much from her overall balance and quality though, she has well developing hammy quarters, going down to good strong straight hocks. Moved well with good rear drive.

PB 3 (1a)

1) Watson & Crooks Allerz Blackpearl At Roylark, Another pretty bitch with a good head which should finish nicely. Elegant shaped neck into a top line which flattened once she settled down. Good proportions, needs to grow into herself a bit more and fill out, moved ok once she got into her stride.
